Bit Che Crack + Activation Code With Keygen Download [32|64bit]

Bit Che is a small, simple and user friendly torrent search tool, that provides fast, reliable and safe way to search and download torrents. The application is also pretty much useful when you want to download music directly from torrents. Bit Che is powered by its own search engine and uses magnet links to find and download torrents. Bit Che is designed to be simple and as transparent as possible. It works in a way that is intuitive and easy to use. No need for complicated configuration, though you can choose if you want to configure these settings in a popup window or at startup. But you can also have a look at the options menu, if you have any preferences. Bit Che Features:

- More than 350.000 torrents.
- Multiple search modes.
- User friendly UI.
- Download & Open Torrents.
- Supported more than 10 types of trackers.
